PROFESSIONAL SUMMARY

Full-Stack Computer Science graduate with experience in Java (Spring Boot), Python (Django), and Angular.I have a record of building scalable web applications, designing RESTful APIs, and integrating AI models into platforms.

EXPERIENCE

Jawwal

Technical Support Supervisor & AI Implementation Engineer

Developing an AI-powered customer support agent for end-to-end customer service automation.

Management and direct supervision over technical-support employees

Nablus, Palestine

Feb 2026 – Present

Jaffa.net Software

Backend Developer Intern

Collaborated with a development team to build web applications using Java and Spring Boot.

Designed and tested RESTful APIs using Postman. .

Partnered with UI/UX designers via Figma to translate those designs into functional, user friendly interfaces.

Ramallah, Palestine

Feb 2025 – Jun 2025

PROJECTS

GeeksHub | Full Stack Developer, AI training & Co-founder

Graduation Project

Built a web platform aimed at helping students and tech enthusiasts connect, share resources, and collaborate.

Used Django for backend and Angular for frontend development.

Focused on user authentication, resource sharing modules, API designing, AI training and responsive UI.

InForm | Spring Boot, Angular

Business Project

Developed a web platform for a gym manager featuring exercises, nutrition plans, and communication tools.

Implemented role management, personal plans, and a trained AI assistant for diagnoses and fitness discussions.

Flower Image Classifier | Python, TensorFlow

Programming Nanodegree - Udacity

Developed a trained AI image classification project as part of the Udacity AI Programming Nanodegree.

Worker Service | Django, Bootstrap

Personal Project

Built a web app allowing users to register, seek or offer services.

Features include a login system, contact listing, and dual user roles.

EDUCATION

An-Najah National University

Master's Degree of AI

Nablus, Palestine

Feb 2026 – Present

An-Najah National University

Bachelor of Computer Science

Nablus, Palestine

Sep 2021 – Jan 2025

Udacity

Online

Nanodegree: AI Programming with Python and TensorFlow

Oct 2024 – Feb 2025

American Consulate

Qalqilya, Palestine

English Access Microscholarship Program

Sep 2016 – Jul 2018

TECHNICAL SKILLS

Languages: Java, Python, C/C++, JavaScript, TypeScript, HTML, CSS

Frameworks: Spring Boot, Django, Angular, React, Bootstrap

AI & Data Science: TensorFlow, NumPy, Matplotlib

Tools & Libraries: Postman, Figma, RxJS, Ajax, TypeORM
